Federal and State Conciliators Hold Conference With Mill Agents and Head of Textile Workers Union

(By Associated Press)
Lowell, July 2.—Harry J. McKing, federal conciliator at Boston, representing the Department of Labor, arrived here today with a representative of the state board of conciliation and arbitration and went into conference immediately with mill agents and John Golden, president of the United Textile Workers of America, in an effort to settle the strike in the mills here for a wage increase.

Pawtucket, R. I., July 2.—Notwithstanding the strike of weavers and loom fixers, nearly all of the cotton mills in the Blackstone Valley operated as usual today. Union demands for increased wages were granted by two small mills.

HOSPITAL TO BE ERECTED BY HENRY FORD

Detroit, July 2.—One of the most complete hospitals in the world, expected to take a large part of the work of rehabilitating American soldiers wounded overseas, is being erected here by Henry Ford. It is being erected faster than the average building is constructed in peace time, because of government co-operation in the purchase of materials.

On a 20-acre tract, the hospital, which will bear Mr. Ford's name, will have floor space of 50,000 square feet. It will be a four-story structure, with the exception of the diagnostic building placed in the center, which will go up to six stories. It will front 750 feet on the Grand boulevard, Detroit's most popular automobile driveway, and go back 250 feet.

With 1300 windows, it will be impossible for a person anywhere in the building to get more than 24 feet away from the light. Forty porches will surround the structure, and a roof garden is to extend over the entire building.

Mr. Ford is spending \$3,000,000 on the institution.

OFFICIAL BALLOTS GO UP IN SMOKE

Three hundred or more official ballots used in the constitutional convention election on March 12 were destroyed by City Clerk Soule at City Hall today as required by law. They went up in smoke from the city hall heater.

THE ARMY CASUALTY LIST TODAY

(By Associated Press)
Washington, July 2.—The army casualty list today contained 81 names, divided as follows: Killed in action 8, died of wounds 10, died of disease 1, wounded severely 43, wounded slightly 2, wounded, degree undetermined 2, missing in action 10. New England names include: 10 of wounds, Private Fred H. Walters, South Norwalk, Conn.; wounded severely, Lieutenant Robert L. Moore, Cambridge, Mass.; Privates William Duhe, Lowell, John Nelson, Bridgeport; Melroy, Cummings, Rumford, Me.; missing in action, Private Joseph Bogacz, Chicopee Falls, Mass.; previously reported killed in action, now reported alive, Corporal Robert H. Jackson, Roslindale, Mass.

SENTENCED TO ATLANTA PENITENTIARY

(By Associated Press)
Ayer, July 2.—For being absent without leave and stealing a motorcycle Private Forrest Cote of Orange, an engineer at Camp Devens, was sentenced to ten years in the Atlanta penitentiary today. It was brought out at the trial that he stole the motorcycle at Claremont, N. H., April 27.

(By Associated Press)
With the American Forces on the Marne front, July 2.—In a brilliant operation after hard fighting the American troops on this front last night captured the village of Vaux, together with a large slice of the Paris terrace highway, west of Chateau Thierry.

The Americans took 275 German prisoners, including 5 officers, and captured a quantity of machine guns and other equipment.

Paris, July 2.—The village of Vaux, west of Chateau Thierry, and the heights to the west of Vaux, were captured last night by American troops in an operation carried out in conjunction with the French, the war office announced today. More than

300 prisoners, including 5 officers, were captured in this action.

London, July 2.—German troops last night after a strong bombardment attacked to the northwest of Albert, north of the Somme, in an attempt to regain the position lost to the British on Sunday night. The enemy succeeded in gaining a footing in one of the British trenches, the war office announced, but elsewhere were repulsed with losses.

With the American Forces on the Marne front, July 2.—In the Vaux region the Americans took the Germans completely by surprise. Most of the prisoners taken were out of collars and dogtags. How many of enemy were killed is unknown, but it is believed that the total was considerable.

TREATING THE AMERICANS VERY WELL

London, July 1.—American troops in the London district were entertained at the Palace Theatre Sunday evening and addresses were made by Vice-Admiral Sims, commander of the American naval forces in the war zone, and T. J. MacNamara, parliamentary secretary to the admiralty.

Admiral Sims said he would like to express on behalf of the Americans their gratitude to the British people for the spirit in which they had welcomed the American forces. Wherever the Americans had gone the British people had offered them the hand of welcome, he said.

"This war is promoting a good understanding between the two countries," he continued. "The British people have not come to know of what we knew about the British, but we now believe the Britisher is a pretty good fellow."

Posteriorly, said Mr. MacNamara, would declare that the determination of the American people to draw the sword overwhelmingly wrote the word "victory" against Germany. America came into the struggle with profound and simple purposes, and her soldiers were the new crusaders, he said.

"The light of liberty," he added, "will be burning more brightly when her soldiers have us than when they came."

"The future of Germany believed the submarine would finish this country before America could get going, and it was announced to the British 17 months ago that the submarine would be the means of a swift victory. History will record that as the climax of Germany's barbarism and desperate misadventures. The submarine has not given Germany a swift victory. It will not give her glory at all."

"Between Great Britain and America has been created a common standard for justice, freedom and humanity from all the horrors of war and the dreadful consequences of loss of education and power."

HOTEL QUESTION STILL UNSETTLED

The question of whether the government will take over the hotels

Champernowne and Pepperell at Kittery Point for the navy yard workmen, will be decided possibly today. It was announced that the government would take both hotels in connection with the housing plan, but Monday Proprietor Horace Mitchell of the Champernowne received word that owing to the fact that it was private property the government would not take it over for the housing of yard workmen.

Later in the day he received another telegram from the Chairman of the Housing Department at Washington, stating that a representative of the government would be at Kittery Point Tuesday for the purpose of placing a valuation upon the two hotels.

It appeared that when the first telegram was received some of the officers at the yard, who understood that plans for taking the hotels, was final called Washington and the Chairman stated that he did not know about the telegram, that a clerk had sent it.

WORK OR FIGHT ORDER IN EFFECT

(By Associated Press)

Washington, July 1.—The 1800 local boards are acting as tenant officers for the work or fight order which went into effect today. Already the effects of the order has been seen in the rush for work in the war trades and while an official estimate is at hand it is estimated that from 800,000 to 1,000,000 men will be affected by the order.

PARIS AGAIN RAIDED

Paris, July 1.—German airplanes made two attempts to raid Paris between 11:50 o'clock Sunday night and 2:20 o'clock this morning. The first attempt was unsuccessful. On the second occasion the raiders dropped several bombs on the outer suburbs. An alarm was sounded at 11:50

o'clock Sunday night, and 45 minutes later the "all clear" signal was given. The second alarm came at 12:48 o'clock this morning. The French artillery posts opened fire and her defensive measures were taken. The "all clear" sounded for the second time at 2:20 o'clock A. M.

VETOES CLERK INCREASED HOUR BILL

Washington, July 1.—President Wilson today vetoed the legislative, executive and judicial appropriation bill on account of a provision increasing the hours of work for Government clerks from seven to eight hours per day.

The message follows:

"At the outset of the war I felt it my duty to urge all employers in the United States to make a special effort to see to it that the conditions of labor were in no respect altered unfavorably in the laborers. It has been evident from the first how this war is to bear upon those who do the labor, which underlies the whole process of mobilizing the nation, and it seemed to me at the outset as it seems to me now, that it is of the highest importance that the advantages which have never been accorded labor before the war began should not be subtracted from or added. Having taken this position in an earnest appeal to other employers, I do not feel justified in assenting to a measure in which the United States as an employer changes the conditions of the labor of its own employees unfavorably to them, and I feel the freer to take this position because I have not learned from any quarters that the employees of the Government in the district have been slack in their labor or have demurred from doing any of the necessary additional tasks which this time and the exigency requires. On the contrary, I have learned that they have cheerfully done additional labor, and have not needed the compulsion of law."

In his veto message the President said that, since at the outset of the war he had called upon all employers to see that there was no change in conditions unfavorable to laborers, he did not feel justified in assenting to a measure in which the United States itself makes such a change.

RUSSIANS AT WAR IN ARCHANGEL

London, July 1.—A state of war has been proclaimed in the province of Archangel, says an Associated Press despatch. Grand Duke Michael is reported to have issued a manifesto stating that he considered it his duty to restore order and regenerate the Russian people, says an Exchange Telegraph despatch from Moscow under date of June 25. It calls upon the people to overthrow the present government.

The province of Archangel extends from the Ural mountains westward to Finland, a distance of approximately 200 miles and from Volga on the south to the Arctic Ocean, about 400 miles. It contains the ports of Archangel and Mourmansk, the only Russian outlets to the Arctic Ocean. On the Mourmansk coast French and British troops were landed some time ago to protect the Mourmansk Railway, over which supplies had been going into Russia.

The Grand Duke's appeal is based upon the dissolution of the constitution upon Russia's form of government assembly which was called to dissent. This act resulted in the disintegration of Russia, the manifesto declares.

Amnesty for past offenses will be granted all who take part in the revolution, the Grand Duke promises.

The manifesto mentioned is probably identical with the one reported in an Amsterdam despatch of June 27 to have been issued about that time by Grand Duke Michael Alexandrovitch, a younger brother of former Emperor Nicholas. This manifesto, it was an-

nounced, had been addressed to the Russian people when the Grand Duke placed himself at the head of a new government in Siberia.

Increasing activity along the Mourmansk railroad is reported by the Christiana correspondent of the Times under date of June 27, who says that a force of 600 Finnish troops of whom 800 are Germans, is marching down the Pechora valley. An armed British steamer with a British vice consul aboard has gone to Pechora, whence it is expected to make a dash along the Pechora River.

A large and well-equipped Russian force, according to reports received by the correspondent from Petchonka, is marching toward the railway across the mountains.

Alexis's Army Growing

The volunteer army being raised in the Don Cossack district is increasing rapidly in size. General Alexieff has been appointed commander-in-chief and is directing all operations. This is reported in an Exchange Telegraph despatch from Moscow dated June 25, transmitting advices received from Voronezh, are advanced from Rostov.

The Germans according to reports are steadily and are moving German columns in the Tavris district.

The Ukrainian Government has ordered the mobilization of all men who have not taken part in the way up to this time and plans to create eight new army corps.

MASSSES OF THE PEOPLE IN WANT

New York, July 1.—The "hunger" of the population in the large German cities is suffering severe want and privations, declared Deputy von Kardoff in the Prussian Diet recently, as quoted by German newspapers received here. Demanding that the equal suffrage law be enacted, the Deputy asked how the people were to bear these privations if a political atmosphere pregnant with hatred prevailed. He warned the conservative parties that they must get in closer touch with the masses.

Seeger

THE ORIGINAL SIPHON REFRIGERATOR

Long since have the principles of refrigeration for the preservation of the food supply been definitely fixed; and at present it is merely a matter of applying these principles.

This application has been made in the SEEGER SIPHON REFRIGERATOR where wall construction and air circulation have been combined in making an adequately efficient refrigerator.

In the first place, the wall construction consists of fourteen impenetrable walls of various temperature and atmosphere non-conducting materials. These walls prevent warmth from the outside entering and cold from the inside getting out. But probably no greater accomplishment in refrigerator construction has been achieved than the introduction of the Siphon System of air circulation. Based upon natural laws of air circulation, there is nothing forced or unnatural, but a strong current of air keeps all contents in the best condition. It is these things which make the "SEEGER" stand paramount in refrigerator construction.

A Needed Warning Emphasized.

Readers of this paper will recall that some time ago it published and commented on the fact that the people had been cautioned to use care in their contributions to war funds, and to be sure that the organizations to which they contributed were reliable. While no direct charges were made, it was plainly intimated at the time that there were organizations collecting money ostensibly for war purposes, whose members were profiting from the enterprises conducted in the name of patriotism.

Late news from New York shows that this warning was not out of place. Readers of the newspapers are aware that a prominent New York woman, Mrs. William Cumming Story, and her two sons who are in the government service, one as a military officer, have been called to account on charges of larceny and conspiracy in connection with the affairs of the National Emergency Relief Society, whose ostensible mission was to provide comfort kits for soldiers. Mrs. Story was president of the society and it is claimed that much if not all of the money collected was diverted to the use of her and her sons and a man who acted as soliciting agent, the claim being that the latter pocketed 50 per cent in return for his labors.

The matter has been under investigation for some time and has now been brought to a head. Mrs. Story, who has been director-general of the Daughters of the American Revolution and who is known to women's clubs throughout the country, denies the charge and claims that disgruntled members of the organization are responsible for the trouble, but the officials who have been on her trail for some months are convinced that this is not the case and that there is good ground for action.

Whatever the facts in this case, it is one which emphasizes the necessity of knowing what one is doing when contributing to war funds. There are enough established channels for such contributions to handle all the money the people have to give, and to handle it honestly and efficiently, consequently there is no impropriety in failing to respond to the solicitations of organizations whose standing is not thoroughly known. The National Emergency Relief Society was a high sounding name, but there is reason to fear that it was conducted for the benefit of its conductors rather than for the benefit of the soldiers, and that those who contributed to its funds have been seriously imposed upon.

It will be a good thing if this exposure teaches the lesson it should teach, which is that no one should give a dollar to any war fund without knowing the character of the organization to which it goes. While people are giving as freely as they have been from the start there is a temptation for the cunning and unscrupulous to impose upon them, and they should carefully guard against being caught by sharpers, male or female, operating under high sounding names and loud protestations of patriotic endeavor.

President Wilson to the contrary notwithstanding, politics is not adjourned, at least in Massachusetts, where the announcement of candidacies has begun early. Governor McCall will try for nomination to the United States Senate and an animated campaign for all of the important offices is in plain sight.

The people of Vermont are urged to provide liberal supplies of firewood for the winter, and not long ago the people of Maine were told that they must get to chopping or take a chance of freezing. Government control of the railroads and the coal business appears to leave something to be desired.

"Russia needs outside help," says Kerensky, who is on his way to this country. Well, Russia has been on the outside for some time, due to her own foolish and bull-headed actions, but how much help she will get from the "outside" until she sees fit to mend her ways remains to be seen.

At a Minnesota mine the other day lightning caused the explosion of a large quantity of dynamite and more than a score of miners were killed. The Kaiser will probably accept this as one more evidence of "Gott mit uns."

If the government finds it necessary to restrict the use of gasoline the pleasure cars will be hit first, which is as it should be. But the highways amply attest that there has been no restriction as yet.

Some of the troops in France are to be sent to Italy in spite of the fact that the Italian army has of late shown strong symptoms of being able to take care of itself and the country it is defending.

The report that three inches of snow recently fell in Berlin may be accepted as true, figuratively at least.

EDITORIAL COMMENT

Hey Bill! More Mart!
(From the Indianapolis News)
A suitable job for the Kaiser when peace comes might be as a headcarrier in the rebuilding of destroyed French towns.

Action And Reaction Equal
(From the Baltimore American)
The Austrians are going back in proportion to the energy with which the Italians are coming back.

Little, Personal Economies
(From the Toronto Mail and Empire)
The suggestion is made in an American newspaper that in order to save food and money men should carry their own lunches downtown. In time the real patriot may be recognized by his year-before-last straw hat, pointed and varnished, and his homemade nosebag.

Will Sit Near the Head of the Table
(From the Pittsburgh Gazette Times)
Germany never dreamed that one day Uncle Sam would become a prominent member of the concert of Powers. And he doesn't play second fiddle, either.

Uneasy is the De-Crowned Head
(From the New York World)
Reports of the assassination of the former Czar of Russia continue to be affirmed and denied. Hilberts they have received scant credit, but their persistence contains a sinister suggestion, and there is now the circumstantial account of the summary trial and execution of Nicholas at Yekaterinburg. A deposed monarch in a country in the throes of revolution has none too secure a hold on life and Bolshevik lawlessness is well enough understood. But it is capable of this further act of political folly? Unfortunately, there is the fatal precedent of the French Jacobins and Louis XVI.

As to the Sugar Ration
(From the Brooklyn Eagle)
The new sugar order does not affect the price, but is designed to reduce consumption to meet the available supply. Wholesalers and retailers will be licensed and will receive supplies of sugar based on their normal sales in the past. When this allotment is gone the dealer cannot secure a new supply until the end of the month. Hotels and restaurants will be licensed, their supply being based upon the number of meals served. Private families will not be rationed, but housewives will be put upon their honor not to use more than three pounds a month for each member of their families. The voluntary savings on wheat and meat have shown that the people can be trusted to comply with that request, but the difficulty of getting that much sugar promises to be considerable. The burden of the system will fall upon the poor grocer, his efforts to satisfy customers from his limited supply are bound to fail, while he will not dare to charge the prices which many of his customers would gladly pay.

Like "Beggars A-Horseback"
(From the Worcester Telegram)
Governor McCall has appointed three attorneys-at-law, one business man and a labor leader to control the business of the Boston Elevated Railway Company, and make the property pay in contrast with the failure of experienced railway men. Still men insist that it is not possible for men of the professions and of commerce and of organization experience, without practical knowledge of the soils, to go out into the country and make a success of farming. Any politician can run a railroad, some.

The "Butcher's Bill" So Far
(From the Topeka State Journal)
The United States has been in this war more than a year and the casualty list up to June 16 totals 8953. More have died of disease than have been killed in action, the numbers being 1234 and 1172 respectively. There have been reported 4547 wounded in action, while 346 are missing, including prisoners. Those who have died from wounds number 364 and from accident and other causes 422. Estimated by the amount of fighting our soldiers have done and the number in the service, the figures are gratifyingly small.

Playing With Fire
(From the New York Evening Post, Ind'l.)

It is a wise Vice-President that knows his own part. In the course of the address that he gave before the assembled Democrats of Indiana, Mr. Marshall raked the Republicans over the coals for playing for the German vote. "Does the Republican party, in Indiana reject with scorn the voice of the German sympathizers in the State?" he demanded. "If so, why didn't it have the courage to say that this is an English-speaking people; that nothing so tends to unite a people as the use of a common language, and that, in the interests of building up a cohesive American citizenship, it proposed to see to it that the German language was no longer taught in the schools of Indiana? No, I hope I am mistaken, but I believe that the party is with this question as it was with prohibition—for prohibition and for the English language, but keeping silent in the hope of the liberal vote and that of the German sympathizer."

The Democratic platform, adopted unanimously shortly after Mr. Marshall and ex-Governor Haskett had

spoken, contains the following ringing words upon the two issues around which the Republicans had "pussy-footed":

LANGUAGE
We demand the repeal of the law making compulsory the teaching of the German language in the public schools of Indiana.
PROHIBITION
Even the plank on the language would leave it open to any school board to continue the teaching of German, while the silence on prohibition squeals for itself, but it is really unfair to look a political speech in the mouth.

PEOPLE'S OPINIONS

It's a Dangerous Practice

I wonder if the city authorities, especially the heads of the fire department, realize a condition which exists in Portsmouth day after day and night after night.

I refer to the parking of autos directly in front of the hydrants in the business section.

Is anybody concerned about this danger? It doesn't look so.

Even the small towns of the state do not allow such a practice but in Portsmouth auto drivers get their machines as close as possible to the hydrants. So far there has been no trouble but there is no guarantee that it is going to continue that way.

Signs of warning against this careless practice should be placed on every hydrant in the business section and the police should see that there is no violation of the order, once the signs are posted.

SAFETY FIRST.

Should Name One Newington.

Dear Editor—Upon reading the names of the ships to be launched at the Shattuck shipyard on the Fourth the thought occurred to me that it would be only fitting and proper to name one the Newington and another the Portsmouth.

It is hoped that two of the vessels to be launched in the future will bear these names. And their sponsors may well be proud of them.

NAVY YARD NOTES

New Mail Orderly
Sergeant Robert Stewart of the Marine Guard has been appointed mail orderly to succeed Sergeant Major William Seully lately retired.

U. S. S. Cassin Back on Duty
The American destroyer, Cassin, which was torpedoed in European waters on Oct. 16 last, has been repaired at a British yard and has been returned to station with the American destroyer forces.

The officers and the crew of the Cassin won praise from the British naval officers and were officially commended by Sec. Daniels.

Discharged From Service
Commander Frederic N. Freeman, who was recently convicted by court-martial of charges of drunkenness and absence without leave, is out of the service. President Wilson having approved the verdict of dismissal, Commander Freeman was appointed to the Naval Academy from Indiana in 1891, and reached his present rank on July 1, 1914.

Named for Higher Rank
The following officers have been named for promotion in the service. Lieutenants (junior grade) to be lieutenants from March 7, 1918: Charles A. Townell, Earl A. McIntyre, Milton H. Anderson, Edgar R. McClure, Wells E. Goodhue, Harvey S. Haskins, and Rivers J. Carstaphen; Lieut. (junior grade) George H. Fort, to be a lieutenant from June 8, 1918.

Passed Assistant Surgeon Willard G. Steadman, Jr., to be a surgeon with rank of lieutenant-commander from Oct. 15, 1917. The following assistant surgeons to be passed assistant surgeons with rank of lieutenant from April 22, 1918: Foster H. Bowman, William W. Wickersham, Charles W. Depling, William A. Swoops, and Talmadge Wilson.

Machinist Oscar D. Parker, to be a chief machinist from January 17, 1918; Pay Clerk William H. McKenna to be a chief pay clerk from September 2, 1917; Pay Clerk Leroy Meyer, to be a chief pay clerk from April 10, 1918.

Lieut. (junior grade) Roman J. Miller, to be a lieutenant for temporary service from February 1, 1918; Lieut. (junior grade) Joseph J. Clark, to be a lieutenant for temporary service, from April 24, 1918.

Ensign Thomas R. Jones, U. S. Naval Reserve Force, to be an ensign in the navy, for temporary service, from June 1, 1918. The following citizens to be acting chaplains in the navy, with the rank of lieutenant (junior grade), for temporary service, from June 14, 1918: John C. Ely, Jr., of Pennsylvania; Simon A. O'Rourke of Massachusetts; and Frederick Schweitzer, of Pennsylvania.

Would Start Fund.
It is suggested that the men of the paint shop meet and appoint a committee to look after charity funds that are so frequently required. It is further suggested that a sum of ten cents a week be contributed each week. Then when a call comes in it is automatically taken care of by the committee. At the end of the year if there still is money left it can be spent in providing amusement or a banquet for all the employees contributing.

Issued Today.

The monthly issue of the Life Buoy for June was distributed today by the Industrial Department and contains some interesting reading especially the article entitled "The Submarines We Are Building," by Naval Constructor H. S. Howard.

AWARDED DISTINGUISHED SERVICE ORDER FOR 30 TIME

London, July 2.—Colonel Arnold Jackson, who has just been awarded the Distinguished Service Order for the third time, will be remembered in the United States as A. N. S. EXPLAINS FLEET SURRENDER

London, July 1.—The Bolshevik Government has surrendered to Germany part of the Russian Black Sea fleet which fled to Novo Rossysk when the Germans captured Sebastopol, says an official telegram from Moscow. The other ships of the fleet were blown up by the crews. Germany has promised not to use the warships and to return them to Russia after the conclusion of peace. Foreign Minister Tschischerin's announcement says: "The return of part of the fleet from

Novo Rossysk to Sebastopol was agreed to on the express condition that Germany give a guarantee that the ships would not be utilized by Germany and her allies in the war and that they be returned to Russia after the conclusion of a general peace and that German troops not cross the line of demarcation which approximately coincides with their positions with the Ukraine. It was only on condition that such an agreement be concluded that Germany stopped the advance of the German troops toward Novo Rossysk."

Germany's Diplomatic Intrigue Against America and the World

"We are in this war, because we were forced into it, because Germany, not only murdered our citizens, women and children on the high seas, but also filled our country with spies and sought to incite our people to a civil war.

"We are warring against a nation whose poets and professors, whose pedagogues and parsons have united in stirring its people to a white pitch of hatred, first against France and Russia, then against England, Italy, Belgium, Serbia, Roumania and now against America."

HAMPTON BEACH BOARD OF TRADE BANQUET

Third Annual Affair Held on
Monday Evening at the
Hotel Ashworth.

The third annual banquet of the Hampton and Hampton Beach Board of Trade took place on Monday evening at the Hotel Ashworth. About seventy-five members with ladies were at the tables and President James

Landlord Ashworth served an excellent dinner and the beautifully equipped dining room with the full Haverhill City Band for music never presented a more attractive appearance.

Rev. Father Scott was introduced as toast master of the evening and he filled that position as he always does with grace and dignity. The first speaker of the evening was Hon. John H. Neal of the Portsmouth Chamber of Commerce, followed by Vice-President F. W. Hayford. Dr. Neal talked on Boards of Trade and their war work and an interesting talk on our duty and the great world war. Mr. Hayford spoke on the benefits that had come to Hampton Beach through the efforts of its Board of Trade and suggested work jointly by Portsmouth and Hampton. He pictured what Portsmouth was doing in war work and how she was caring for the great number of strangers here. Messrs. Mayson, Sweetser, and R. L. Costello of the local Chamber were also called upon. Mr. Perkins of Hampton gave an interesting talk full of wit, humor and a Father Scott in closing. The menu follows:

Grape Fruit
Cream Tomato Soup, Croutons
Olives
Roast Vermont Turkey
Cranberry Sauce
Brown Gravy
Mashed Potatoes
Plain Lettuce
Stringless Beans
Parker House Rolls

N. Y. HAS ALL THRILLS OF AIR RAID

New York, July 2.—The Bronx Monday had all the thrills of an air raid, but none of the bombs, when a siren whistle, to be blown in case German airplanes should soar above the skyscrapers of the city was tested without the police being notified.

When the blasts continued, women fled with their babies to cellars while business throughout the district did not continue "as usual" aroused by a heavy bombardment of telephone calls and the screams of women and children, the police traced the ear-splitting shrieks of the siren to their source and finally succeeded in calming the populace.

CLASS ONE EXHAUSTED FARMERS DRAWN

Nine men for special training at New Hampshire college were sent away on Monday afternoon by the War Board. They were picked from the remainder of the class one list and had to be men with at least a high school education.

As the class one, other than the men newly drawn, was exhausted, the Local Board received orders to go back over the list and take farmers who had been previously given a preferred classification, and several were included in the present call.

The Local Board have not received orders to take the men who registered on June 5th, so that for all calls they are combining the old class one list, and taking every available man. While no orders have been received for the emergency list, it is expected that they will be called when the farmers are exhausted.

In addition to the nine sent on Monday six more men left, three for Fort Slocum, N. Y. and three for Camp Devens, these being to fill vacancies caused by the rejection of men in former calls.

The list of men who left for New Hampshire College is:

Minor Russell Shaw, Portsmouth.

Kenneth Hawkes Marston, Hampton
William M. Connor, Portsmouth
Eldridge Leslie Shaw, West Peabody
Myron Jewell Norton, Hampton
George H. Mahan, Jr., New Castle
Charles Benjamin Wadleigh, South Kingston
Harry Dyer Smart, Hampton
Harry Laffey, Newmarket.

COTTON MILLS CRIPPLED BY STRIKERS

(By Associated Press)
Lowell, Mass., July 1.—Six of the largest cotton mills were crippled today by the strike of the Union workers and another mill engaged in manufacturing of cotton duck is also affected.

The strikers demand an increase of five per cent, in addition to the increase of 10 per cent. on June 17. Mill men estimate the strikers to number from three to four thousand, and while about 75 per cent. remained at work there is a shortage in some of the rooms and if it is kept up it means that the whole mill will be affected.

Manchester, N. H., July 1.—A conference between the Mill agents of the Amoskeag and Stark mills and the union leaders has been arranged for ten o'clock tomorrow morning by Commissioner of Labor John Davies. Mr. Herman B. Straw of the Amoskeag and Louis Dexter of the Stark Mills will represent the mill owners. The Mills were opened this morning but when it was found that some of the men had remained out the mills were closed and about 18,000 are idle.

Sunset League This Week
Tuesday—Newington vs. Y. M. C. A.
Wednesday—Army vs. K. of C.
Friday—Atlantic vs. P. A. C.

Playing a whitewash game the Army defeated the P. A. C. in the Sunset league schedule on Monday evening by a score of 2 to 1. It was the best game the Army has presented this season and good enough to make any of the teams in the league take the count. Thomas pitched a great game, and he got the support. Stone at short playing a big league game, his stop of Barkers drive in the sixth being of the sensational order.

Thomas not only allowed the P. A. C. but three hits but he held his position in line shape. Clair at third also played a fast game as did Smith at second.

Jordan was only reached for four hits out of a scratch variety, but Harrington was off his game at short and making three errors, a wild throw in the sixth resulting in a run. The P. A. C. were rather disorganized through the loss of Lynskey and R. Brackett, Harrington going to short and McPheters to left.

The P. A. C. took the lead in the second inning when they scored on a combination of errors. Butler was retired, Stone to Wilson; Howard was hit and stole second; C. Brackett

Stone going after McPheters' drive.

walked and Vaughan hit to Thomas who forced Howard at third; Jordan fled to right and Sunderland muffed the ball, Brackett scoring, but Vaughan was thrown out attempting to make home on the same play Sunderland to Smith to Hickman.

This lead was good until the fifth when the Army tied the score. Smith opened with a single to left, and he went to second when Jordan threw wild to first, Bukowski fled to left and McPheters dropped the ball. Smith scoring, Wilson singled to right and was thrown out a second later stealing second, Sunderland and Carroll fanning.

They won the game in the sixth. Hickman drew a pass and stole second. Thomas hit to Harrington and was credited with a hit and Hickman scored when Harrington threw wild. Clair sacrificed Thomas along and he went to third on a wild pitch but Stone was out to Howard, and Smith was thrown out by Jordan.

The P. A. C. made a good try in the seventh getting men as far as second and third but could not score.

EXETER

Exeter, July 1.—Weather conditions for June here furnished interesting statistics from the fact of the cold weather during the month. It averaged 61.1 degrees as compared with 63.5 in 1917, although it was not as cold as June, 1916, which showed an average of 60.5. The highest temperature for the past month was 90 degrees on June 2 and the lowest 32 degrees on June 20, when frosts were felt throughout this section. The average maximum temperature was 73.5 degrees and the average minimum 48.7 degrees. With all of its cold weather June averaged warmer than May, which recorded an average temperature of 50 degrees, which was higher than for many years. Heavy rains fell on June 7 and June 22 and a thunder storm passed over here on June 12.

A delegation of nine from the second Rockingham county draft district left here on the 5:41 train for Durham this evening, where they will be assigned to duty at the state college. They were in charge of Milton J. Young of Salem and the delegation was composed of Charles W. Bodwell of Derry, William L. Eldredge of Exeter, Guy W. Chase of Londonderry, Clyde C. Ryan of Derry, Ernest Fitz of Londonderry, Albert Peterson of Candia, Frank Linder of Exeter and Harry S. Farwell of Derry. The next quota will leave here on July 15 for New Hampshire college, there now being five volunteers, Lewis Pifford of Exeter, Clyde B. Dame of Nottingham, Hubert Hallin and Charles Van Housenbrook of Salem and Walter T. Moorland of Brentwood. As the quota calls for 11, there will be a draft of six men, which will soon be announced.

A pretty home wedding took place this afternoon at 4 o'clock at the home of Mr. and Mrs. William Nixon in Brentwood when their daughter, Miss Jeanette Nixon was married to William Betty of Waltham, Mass. The ceremony being performed by Rev. Andrew Gibson, pastor of the Congregational church in Brentwood. The best man was George Betty of Waltham, a brother of the bridegroom, and the maid of honor, Miss Violet Nixon, a sister of the bride. The bride wore a white Georgette crepe. Miss Nixon was to a time engaged as a district nurse here, following a course at the Exeter Cottage hospital and is well known locally. After a wedding trip Mr. and Mrs. Betty will reside in Waltham, Mass., where he is engaged in the Mohegan market.

Joseph Saportit, who left here last July with the Coast Artillery corps, writes home from France to friends that he is well.

The condition of Rev. John D. Leach, pastor of the Methodist church, who is in the Exeter Cottage hospital with pneumonia shows a marked improvement.

Leroy C. Moore today became assistant superintendent of the Prudential Insurance Co., to succeed William T. Griffin of Portsmouth, who resigned to enter the works of the Atlantic ship yard at Freeman's Point.

Special Fourth of July services will be held at the First Congregational church on Thursday morning at 10:45 by the pastor, Rev. James W. Miller. No special observance of the day will be made in any other form. The New Hampshire Society of the Church will hold their annual dinner at their home on Governor's lane as in past years on that date.

At the regular meeting of Gilman grange this evening the program consisted of a patriotic exercise in charge of Mr. and Mrs. Stewart E. Howe. A paper on "Farm Help" written by Arthur W. Dudley of Brentwood, was read.

Gilman St. Rowe, who has been stationed at Fort Constitution, is making a short visit with his brother here, he being on furlough. He expects soon to leave for Fortress Monroe, Va. Mr. Rowe was the first volunteer from Kensington and left here with the Coast Artillery corps on July 16, 1917.

One way to relieve habitual constipation is to take regularly a mild laxative. Doan's Regulax are recommended for this purpose. 30c a box at all drug stores.—Ady.

AUSTRIANS DEFEATED ARE RETIRING

(By Associated Press)

Success has apparently crowned the offensive of the Italians in the mountains north of the Venetian plains. The attack of the Italians against the rugged and well fortified heights held by the Austrians has gained ground and while the fighting is still going on Vienna admits that her forces have retired to prepared positions, which is an admission that they have been defeated and are retiring.

After three days of the struggle in the mountains the Italians are still hammering hard at the most important defense position of the Austrians and they have not only gained ground but have held it against the repeated counter attacks by the Austrian-Hungarian troops, who have been moved down in great number by the Italian artillery.

The Italian attack was recently well planned on the right flank of the German position is the river Brenta preventing a surprise from this sector and on the left flank deep valleys equally as protective.

The British ship Landover Castle bound from a Canadian port was sunk without warning by a German submarine on June 27 about twenty miles from land and only 21 out of the 258 persons on board are reported saved. The fate of the others is unknown.

An official statement issued at the Berlin war office is to the effect that 121,454 unarmoured prisoners have been captured by the German forces since March. Of these 91,559 were British and 89,099 French and the rest Belgians and Americans. Six Allied Generals and 8200 officers were taken.

Along the French front there has been local engagements north of the Marne on the east side of the salient driven in by the Germans. The French have advanced their line to the Elgon river once more and have crossed the railroad. Further north the French have taken a strong position east of the Illers Cotters.

There has been pressure exerted by the allies along the line from Paris to Rheims, while on the French and American sectors there is an expectation east of the Villers Cotters, from of Amiens where the Germans started a heavy bombardment this morning was especially marked, but the Germans did not attempt to throw forward their infantry.

There has been extensive air fighting and the French on Sunday brought down 21 enemy planes and the British 22 and sent down 11 more out of control.

SPINE OF MAN

No Pain in the Back.

Because you have no pain in your back is no sign your back bones are in perfect order. If a nerve leading to your stomach is pinched where it exits from the spine the disease will be in the stomach and not in the back. This is true of all organs and tissues of the body. If the nerves leading to the tissues of the back are pinched then the disease will be in the tissues of the back.

Pain is but the cry of an injured nerve.—Palmer.

FORD

THE UNIVERSAL CAR

THE PASSENGER CAR SITUATION

The government is using about 90 per cent of our annual output of steel, the balance is divided among the trade of the country. You can readily imagine that the automobile industry share is far below normal. As a matter of fact the situation is very critical and the prospective customer must realize before it is too late that in order to get a car this season he must place his order immediately.

"The Ford" is the best car to buy. Let us tell you why.

GERMANY PLANS CONTROL FOR RUSSIA

Stockholm, July 1.—Germany's aim toward control of the economic life of Russia after the war is going rapidly ahead. The plan is being worked out through an organization which has already spread to different parts of the country.

Copenhagen has been selected as headquarters for this work. Control has already been obtained in Copenhagen over a branch of a Christiania banking house by Fritz Counselor Mendelssohn, the famous German banker, who is said to be the motive power in the transactions which are to be under a neutral flag. German officials believe, according to information received in Stockholm, that by this arrangement Germany's risk will be reduced and at the same time safeguarded against any consequence of the war whatever may be the outcome.

Germany's efforts to control the country are to be directed at first hand against the Russian metal industry and many private enterprises, such as railways, banks and steamship companies. Possession by German interests has been secured of a great number of shares of stock of such concerns. Russian shareholders, fearing under Bolshevik threats to confiscate their property, have been only too willing in many instances to sell to the Germans at a sacrifice.

Attempts have been made also to secure control of large banks in Petrograd. Special endeavors have been made by the Germans to get hold of shares of the railway lines to the south coast toward Turkestan and a controlling interest in the system of the Trans-Siberian Railway. This line reaches from Zlatopast, by way of Omsk, to Tselinsk, touching extremely rich mineral and agricultural districts.

Another important object desired by the Germans is control of the Russian Steam Navigation and Trading company, which has its headquarters in Odessa. Germany now has physical control over vessels of this company and is energetically working her way so as to have established economic control over this company when the war eventually comes to an end. The Russian Steam Navigation and Trading company has a fleet of sixty-nine modern steamers, and ninety-two sailing boats, and owns coal mines, large shipyards and docks.

Even at this date Germany has her eyes on the Pacific ocean trade. Plans

DO NOT WANT TO VOTE

Buenos Aires, July 1.—Only 21 citizens of the United States registered for the municipal elections in Buenos Aires under the new law which gives the vote to foreigners. In municipal elections, The census of 1914 showed that there were 3,440 Americans in the Argentine Republic. It is estimated that this number has doubled since the war began and that most of them are living in Buenos Aires.

The newspapers commented unfavorably on the fact that, of the 120,000 foreigners in the city who were entitled to vote, only 13,615 registered and said this showed that they had no interest in the city beyond making as much money as possible and then returning to their native countries. The papers argued from this that the foreigners' collaboration in the city government could never be depended upon.

The census of 1914 showed that there were nearly as many aliens in Buenos Aires as natives, 777,845 foreigners and 737,069 natives. In order to give this great foreign population a voice in the city government a law was passed recently extending the vote to all aliens who were married to Argentine women, or who had children born in Argentina, or who paid a specified amount of house rent. This included nearly all the married foreigners in the city. Unmarried foreigners were entitled to the vote if they paid as much as fifty pesos a year in taxes.

The nationalities most largely represented in the registration were Italians, 6,447; Spaniards, 5,091; French 508; Russians, 181; Belgians, 277; Germans, 125; English 141.

One of the newspapers in commenting unfavorably on this rejection of the ballot by the foreigners, said it was an "inexplicable social phenomenon."

DOVER

Dover, July 1.—The masque, "The Drawing of the Sword," was presented at the Middlebrook Golf club for the benefit of the new Dover war day nursery. Two performances were given, at 4 this afternoon and at 8 this evening. Both the entertainments were largely attended and the association realized a substantial amount for the object intended. Those taking the principal parts were: Herald, Herbert Hatch; Truth, Dorothy Morgan; Liberty, Mrs. Arnold Bradbury; Justice, Dr. L. W. Flinders; Serbia, Rev. Robert W. Cox; Belgium, Doris Mills; England, Hon. Walter W. Scott; France, Madeline Richard; Russia, Rev. Olaf Tandberg; Canada, Richard Hanson; India, Rev. John Chapman; Australia, Deane M. McDonough; Japan, John Bloomfield; Armenia, Nan Whitely; Italy, Sherwood Hollins; Poland, Minna Boomer; Portugal, Gertrude Bartree; Rumania, Helena Kellcher; New Russia, Eleanor Russell; America, Marjory Boomer.

Maurice Sheehan and Miss Mary Breen were married at St. Mary's church Monday morning at 7 o'clock. The ceremony was performed by the pastor, Rev. John J. Bradley. The couple were attended by Herbert Hrien of Dover and Miss Alice McCarty of Central Falls. A wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Frank Green, 11 Durell street. Mr. and Mrs. Sheehan left Dover on the 10:35 train for an extended honeymoon, after which they will reside at their new home 61 Court street.

Sixteen selected men from Strafford county left Dover on the 5:35 train this afternoon for the training camp at New Hampshire college, Durham. The contingent met Chairman A.

G. Whittemore of the local board at the court house this morning at 10 o'clock, at which time they received their final instructions. A large number of relatives and friends were at the depot when the drafters departed.

The Dover Girls' club has voted to donate the use of their rooms in the Union block to the entertainment of men in the service. This arrangement will continue until the late fall. The first entertainment for the soldiers will be given Saturday evening, when supper will be served to 50 men from the government training camp at Durham. The supper will be followed by an informal dinner.

David A. Watson of Durham and Miss Annie B. Bishop of Fort Fairfield, Me., were married Sunday evening at the parsonage of St. John's Methodist Episcopal church by the pastor, Rev. Leon J. Mora. They were attended by George W. Watson and Alice K. Watson. After a wedding trip to Portland and vicinity Mr. and Mrs. Watson will reside at May farm, Durham Point.

Cakethe temple, Pythian Sisters, will observe children's night at the regular meeting Friday evening.

Frank E. Cragin, a member of the 303rd heavy artillery, Camp Devens, spent the week end with his father, Patrick Cragin, Court street.

A meeting of the Hospital club will be held at the Adams Institute this evening.

The police department has posted notices to the effect that the sale or use of explosives, including fireworks, will be prohibited in this city during the celebration of the Fourth of July.

FIVE PASS BAR EXAMINATION

There were five successful candidates who passed the bar examinations which have been held in the court room in the state library building at Concord. Those who are to be permitted to practice law in this state are Abraham Kaufman and Donald Knowlton of Concord; Chester H. Jordan of Lancaster and John H. Warren of Nashua and Arthur A. Tremblay of Nashua.

A BIG DRAWING CARD AT THE COLONIAL

Charlie Chaplin is as big a drawing card as ever and this was demonstrated at the Colonial theatre on Monday evening when the house was packed. At one time there were over a hundred people unable to get into the theatre and the second show also filled every seat. He was shown in "A Dog's Life" and it was certainly funny, a real Chaplin comedy.

THEY WALKED HOME

Navy Yard Train in Trouble and Workmen Take Hike.

Twelve hundred of more navy yard workmen enjoyed a piece unexpected

walk on Monday afternoon. They had a choice of staying in the town of Kittery for two hours or hiking to Portsmouth, so they engaged shunks mare. The cause of this tramp was due to the spreading of rails on the Boston and Maine tracks near the navy yard station which let the locomotive of the workmen's train down on the ground. Every wheel with the exception of those of the tender went off the iron.

Fourteen cars and another locomotive which was attached to the rear of the train was stalled for two hours while the Portsmouth wrecking crew worked on the derailed engine.

MARINES SHOW THE SPIRIT

475 Volunteer for Service in France When 100 Are Called.

If anybody believes that the Marine Corps at Portsmouth navy yard has lost any of the fighting spirit this article of news will convince them that the boys in this branch of Uncle Sam's service are ready to do what their comrades have done and carry on the gallant work against the Hun. A recent call came for 100 volunteers to go over the sea and line up in the trenches. This call was answered by exactly 475 men out of 550. Each and every man who volunteered hoped he would be one of the hundred selected and they didn't care how soon the order came to move. Major Willis, the commanding officer of the guard has reason to feel proud of the spirit shown by the men of the battalion. It is safe to say that the 375 who are not selected will be disappointed soldiers and they hope that the volunteer order may be increased to include one and all who wish to do their bit "over there."

THE HERALD HEARS

That many people will witness the launching of the ships in small boats and steamers on July 4.

That a steamer might make a lot of money on that day by taking a boat load of spectators to the scene.

That it is nothing now to see dogs mixed up with auto parties, but it's seldom that a horse is seen taking a ride.

That a Massachusetts party on the way to New Harbor on Sunday gave the whole back seat to a Shetland pony.

That the pony looked happy and seemed to be enjoying the ride.

That some of the local milk dealers say the new pasteurization rules are too costly and they will be obliged to go out of business.

That the food administrators of the state appear to be eluding the bakers pretty close.

That a few signs for the benefit of the public should be placed in the vestibule of the federal building which would direct the people to the several departments on the upper floors.

That the Boston papers report of the result of the races in Boston on Saturday last are conflicting as far as the local jockeys are concerned.

That one report says they finished fourth and had them coming in second, and the third said they were disqualified. Take your choice.

That the filings for primary nominations are in order on and after Friday next.

That many will lend their voices in the community singing at the playground July 4.

PRETTY WEDDING AT CATHOLIC CHURCH

Andrew Hanlon and Miss Mary G. Moran United in Wedlock.

The Church of the Immaculate Conception was the scene of a very pretty wedding at 9 o'clock this morning when Miss Mary Gertrude Moran became the bride of Andrew Hanlon. The ceremony was performed by Rev. D. Alex Sullivan, P. R., who celebrated a nuptial high mass following the marriage. The bride wore white georgette crepe and veil tied with orange blossoms. She carried a bride's bouquet. She was attended by Miss May Alice Dunley, who was gown in rose tulle and wore a leghorn hat trimmed with roses.

The best man was William Hanley. A wedding breakfast attended by the immediate family followed the church service at the bride's home, 544 Lexington street.

They were the recipients of a rare collection of choice wedding gifts.

The bride is the daughter of Mr. and Mrs. Thomas A. Moran and a graduate of the Portsmouth High School class of 1915. She was one of the most efficient and popular students of the school. She is a favorite among her young associates who now join in wishing the young couple much matrimonial bliss.

The groom is a boatman's mate in the navy at present attached to the U. S. S. Mt. Vernon. He is well known in baseball circles for his work in the Sunset League for several seasons on the local diamond. He was at one time stationed in the commissary at the Portsmouth navy yard and makes his home in Hanover, Indiana. They will enjoy a wedding tour in Washington, Hoboken and New York.

IMPERSONATED NAVAL OFFICER

Arthur N. Scott Arrested in This City Monday Night by U. S. Marshal Smith.

Charged with wearing a uniform to impersonate a naval officer, Arthur N. Scott was arrested here on Monday evening by Deputy U. S. Marshal Smith on a warrant issued by District Attorney Brown. The case was worked up by Messrs. Bradley and Shaw of the Naval Intelligence Department.

It appears that Scott came here about ten days ago from Bath, Me., and went to work at the Atlantic Corporation securing a room at a house on Maplewood avenue. He claimed to be a horse funder and shortly after appeared in uniform that in every way resembled that of a naval officer. So much that it deceived enlisted men who saluted and Scott it is claimed returned it.

One day last week in the uniform he talked of a horse sale with some local dealers and it is alleged intimated that he was attached to the navy. The fact of the uniform was learned by the Naval Intelligence Officers and they after investigation asked for the warrant.

Scott claims that he was at one time Captain of the yacht Idlewild and that he owned the uniform then and that he did not know that it was contrary to the law to wear it now. He could not offer any good excuse for wearing the glad rags.

He will be arraigned before United States Commissioner Hodgman in Concord today.

LIGHTS ON HAYMARKET SQ.
